# Improving access to healthcare for residents across North Queensland

- When you can't get to a doctor or your GP clinic is closed, Telehealth Doctor NQ connects you with a registered Australian Doctor for a real-time, video consultation in your home, aged care facility or in a consult room at a participating pharmacy.
- Telehealth Doctor NQ provides video consultations at no cost to eligible patients through a funding partnership with the Northern Queensland Primary Health Network. A standard consultation is **\$88**.
